

BRAINSTORMING & IDEA PRIORITIZATION

Template

Date	30 September 2026
Team ID	2026-7378
Project Name	FitBuddy - AI fitness plan generative using Gemini models
Maximum Marks	3 Marks

Team Members

1	SARAVANA M
2	PONMALAI S
3	Krishna Moorthi
4	PRASATH M
5	Karthikeyan J

Step 1: Brainstorm and Idea Listing

Each team member lists out as many ideas as possible without judging them at this stage.

S.No	Team Member	Idea / Suggestion	Group No.
1	SARAVANA M	AI-generated personalized workout plan based on user's fitness goals and level	1
2	PONMALAI S	Personalized diet and nutrition suggestions based on user preferences and goals	2
3	Krishna Moorthi	Gemini-powered AI fitness assistant for workout guidance and questions	3
4	PRASATH M	Progress tracking with weekly fitness-plan adjustments	4
5	Karthikeyan J	Exercise recommendations with proper form and workout instructions	1
6	SARAVANA M	AI-generated daily workout schedules based on available time	1
7	PONMALAI S	Goal-based fitness plans for weight loss, muscle gain, and general fitness	2
8	Krishna Moorthi	User-friendly dashboard for fitness plans, goals, and progress	4
9	PRASATH M	Adaptive recommendations based on completed and missed workouts	4
10	Karthikeyan J	Chat-based interaction with Gemini for personalized fitness support	3

Step 2: Idea Prioritization

Rate each grouped idea on feasibility and importance, then select the final idea(s) to move forward with.

Group No.	Grouped Idea	Feasibility	Importance	Priority	Remarks
1	Personalized AI workout plan and daily schedule	High	High	Yes	Core FitBuddy feature
2	Personalized nutrition suggestions	Medium	High	Yes	Supports overall fitness goals
3	Gemini-powered AI fitness assistant	High	High	Yes	Enables interactive guidance
4	Progress tracking and adaptive plan updates	Medium	High	Yes	Improves personalization over time
5	Exercise form and workout instructions	Medium	Medium	No	Can be added as an enhancement
6	Fitness dashboard and user progress view	High	Medium	No	Useful supporting feature
