

Customer Journey Map

Date: 30.09.2026
Team Name: FitBuddy

Team ID: SWTID-2026-7387
Project Name: FitBuddy AI

Journey Element	Stage 1: Discover & Register	Stage 2: Personalize & Use	Stage 3: Track & Improve
Actions	• Finds FitBuddy AI • Creates profile • Enters fitness goals • Provides basic preferences	• Views personalized plan • Starts recommended workouts • Records activities • Uses reminders/guidance	• Reviews progress • Checks completed activities • Updates goals • Follows revised recommendations
Touchpoint	• FitBuddy AI landing page • Registration/profile screen • Goal setup	• Personalized dashboard • Workout recommendations • Activity tracker • Notifications	• Progress dashboard • History/analytics • Goal settings • Updated recommendations
Customer Thought	"Can this help me reach my goal?" "Is setup simple?"	"This plan matches my needs." "What should I do today?"	"Am I improving?" "How can I stay consistent?"
Customer Feeling	Curious and hopeful; slightly uncertain about starting.	Motivated and supported; more confident using the plan.	Encouraged by progress; focused on maintaining consistency.
Process Ownership	FitBuddy AI onboarding and product team	AI/recommendation and application team	Analytics, AI recommendation and support team
Opportunities	• Simplify onboarding • Clear goal selection • Explain how personalization works	• Improve recommendation accuracy • Add reminders • Make activity logging quick	• Show clear progress trends • Provide milestone feedback • Adapt plans to changing goals
